Welcome to Aurora, Indiana.

As the first female City Manager for the City of Aurora, it is my honor and privilege to be a proactive facilitator for progress on behalf of the City of Aurora's future. The level of support from Mayor Donnie Hastings, City Council, City Attorney Jeff Stratman, Clerk Treasurer/Utilities Superintendent Randy Turner, City Departments and within the community has been astounding and so very much appreciated. As my family and I transition into this roll, please feel free to stop by the City Building or email me at gemery@aurora.in.us to share your recollections of and vision for the City of Aurora.

As City Manager, under the direction of the Mayor and City Council, my priority focus will be the coordination of Code Enforcement, Comprehensive Plan, Blight Elimination Program, Parks & Recreation, Aurora Community Center, Utilities and Infrastructure, Aurora Sewer Main Project & Main Street Sidewalk Program, as well as, analysis & review of administrative policies/procedures, seeking alternative revenue resources and determine cost savings strategies for the City of Aurora. As you can tell, our plate is full.

Aurora is known for its beautiful river vistas, welcoming spirit, volunteerism and historic heritage. A safe, vibrant, prosperous and actively engaged community lends to quality of life recognized as a common goal for local residents, families, local business owners, community leaders, and within our schools. Cultural, educational and community events flourish under the direction of volunteers, sponsors, educational programs and attendees. I'm excited, energized and looking forward to working and living alongside to the citizens of Aurora.

All are encouraged to be a part of the Comprehensive Planning process for the future development and downtown revitalization. Stop by for more information. Again, I look forward to hearing from you and thank you again for your warm welcome and support.

Sincerely,
