Sign Improvement Permit Instructions

SIGN
IMPROVEMENTS

STEP 1: OBTAIN APPLICATION FORMS

All individuals requesting an Improvement Location Permit must submit an ***Improvement Location Permit form*** (Items 1-4 and signature) which will be used (jointly) to determine the location and nature of the proposed improvement. All areas of the applications must be completed accurately, and in their entirety. The applicant is responsible for all the information that is supplied to the Planning & Zoning staff.

STEP 2: CREATE PLANS

In addition to the completed application form, all individuals requesting an Improvement Location Permit are required to submit a plot plan,* as required by Chapter 152 of the Zoning Ordinance, and submit all information relevant to proposed signs, including:

- The type of sign
- The location of all existing and proposed signs on the property, including setbacks from the road right-of-way
- The dimensions and computation associated with the total sign area
- The size of the lettering on the signage
- The color scheme associated with the signage
- The height at which the proposed signage will be installed, compared to proposed grade
- The materials associated with each proposed sign
- A description of any lighting / illumination associated with a proposed sign

**Please use the attached list of requirements provided for each plot plan type to assist you in creating a plot plan.*

STEP 3: CHECK OTHER DEPARTMENTS

In order to expedite the required permit process, you may also need to apply for other necessary permits at the same time that the Improvement Location Permit is submitted. A Health Permit and a Building Permit may also be required, depending on the specific request. **The Planning & Zoning Office cannot release the Improvement Location Permit until the necessary Health Permit(s) are released and necessary fees (see below) are paid in full.**

STEP 4: SUBMIT ALL REQUIRED MATERIALS & FEES

All applications must be submitted with the above-referenced forms and a plot plan. At the time that an applicant submits an application for an Improvement Location Permit, the appropriate fees must also be paid. **Sign Improvement Location Fees are:**

Sign Permits: \$50

Sign Alteration Permit: \$25

Temporary Sign Permit: \$15 plus \$25 escrow fee

Historic Preservation Commission C.O.A.: \$35

***Applications generally take 1-5 business days to process—or more if a C.O.A. is required**

Requirements for Minor Plot Plans

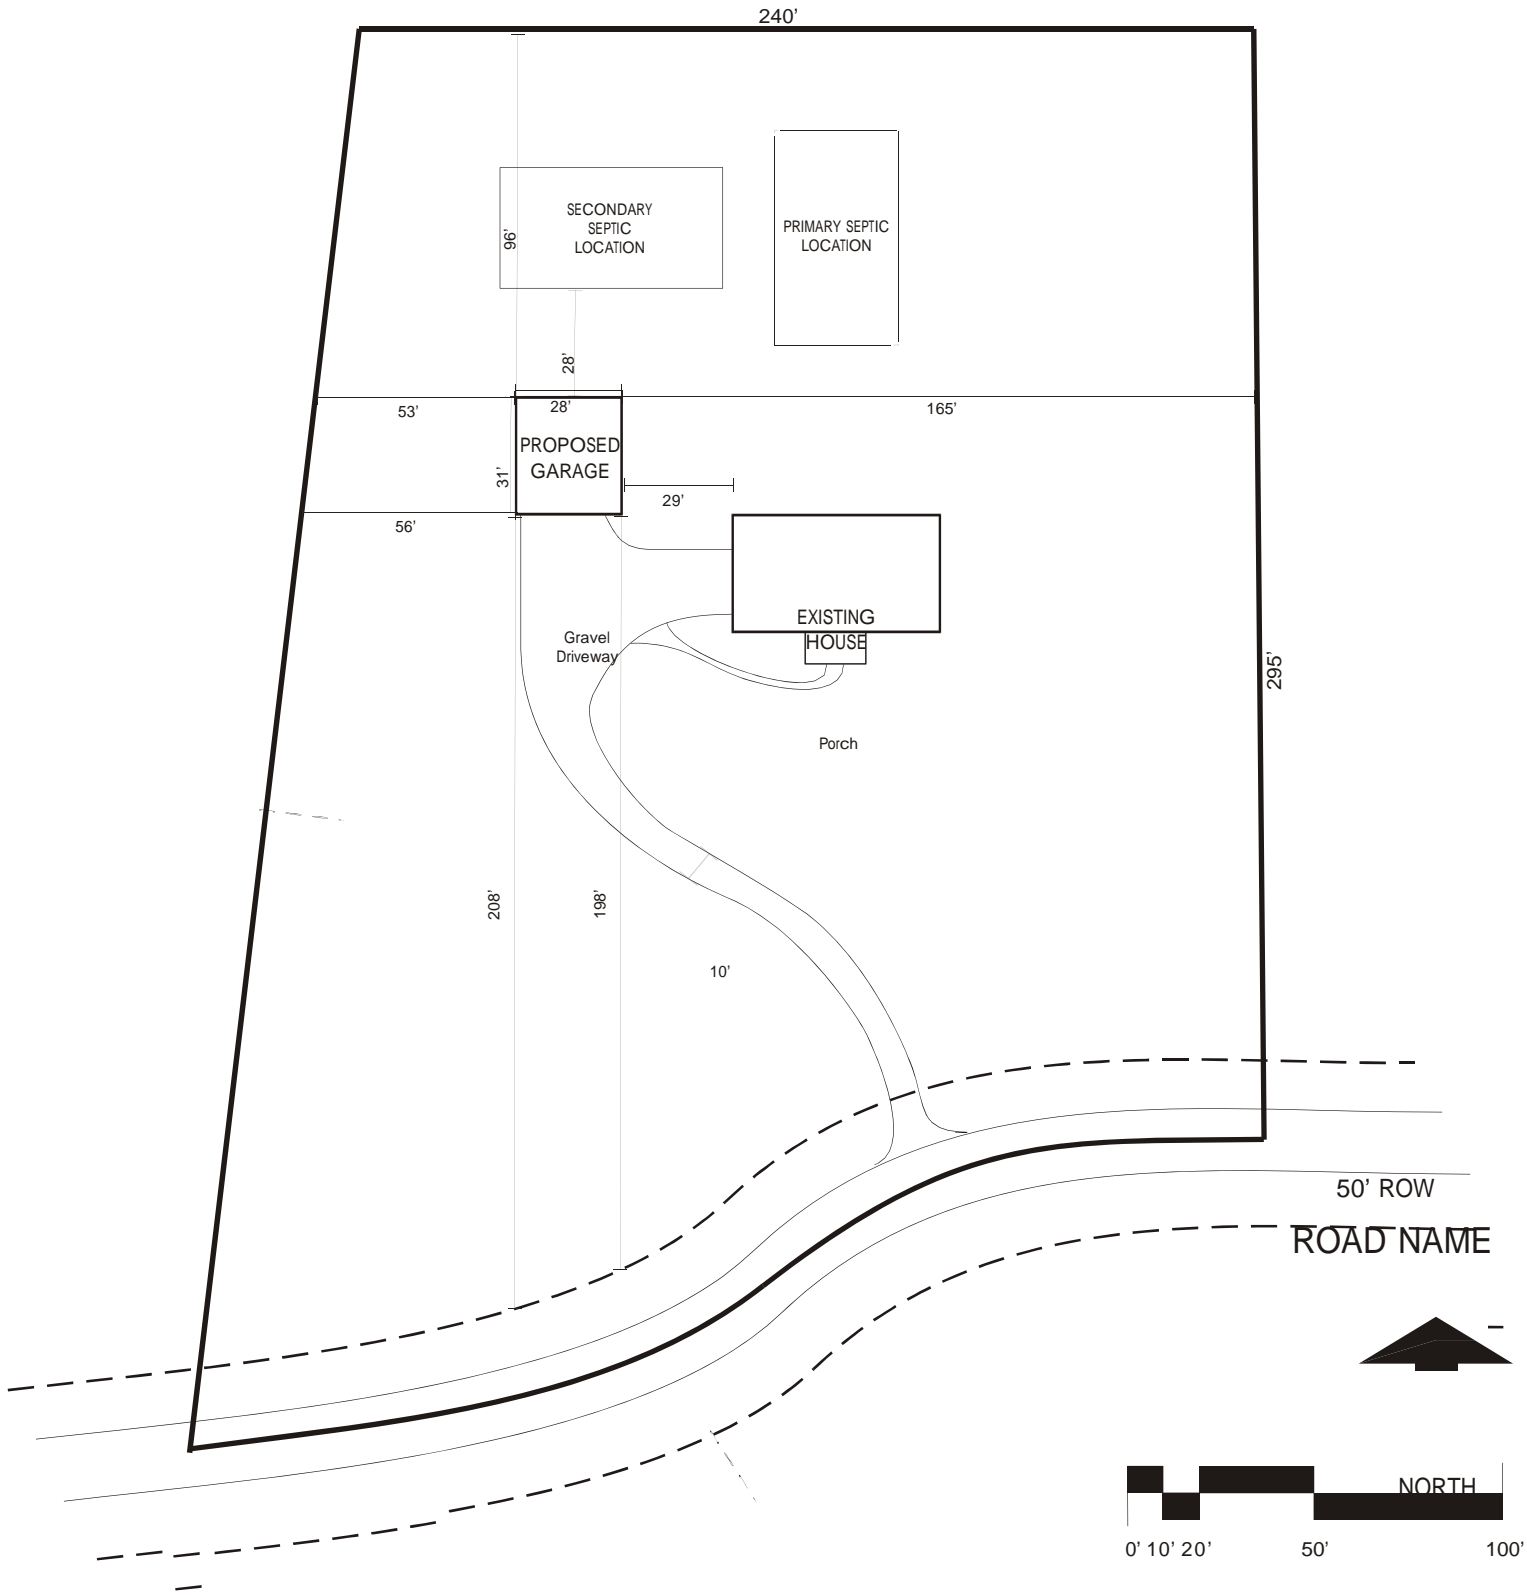

In order that all the required plot plan information be properly documented and correctly designed, it is necessary that *ALL* plot plans be drawn to a scale that allows all improvements and notes to be legible. Digital plans are preferred. **Paper copies of plans should be submitted on standard paper sizes—either 8 ½ x 11 or 11 x 17. All plans larger than 11 x 17 must be submitted in an acceptable digital format (such as a .jpeg or .pdf file).

Please check off each item of information that is required to submit to the Department of Planning & Zoning as it is provided below (on the left side of the page). **PLEASE NOTE THAT BEFORE AN APPLICATION CAN BE SUBMITTED, ALL ITEMS MUST BE CHECKED OFF (ON THE LEFT SIDE OF THE TABLE BELOW) OR YOU WILL BE REQUIRED TO RESUBMIT YOUR APPLICATION.**

<input type="checkbox"/>	A complete and accurate application form	
<input type="checkbox"/>	A graphic scale and north arrow	
<input type="checkbox"/>	Label and locate all existing and proposed structures	
<input type="checkbox"/>	Property boundaries / location reference(s)	
<input type="checkbox"/>	Location of all public and private streets and / or private lanes, as well as the location and width of proposed driveway entrances on the subject property	
<input type="checkbox"/>	Exterior dimensions of structure (including decks or porches and overhang measurements)	
<input type="checkbox"/>	Approximate location of all known utilities and associated easements (e.g., sewer lines, water lines, septic tanks, electric lines, gas lines, and so on). *All applicants are advised to call 811, "Call-Before-You-Dig".	
<input type="checkbox"/>	Distances from the corners of the proposed structure(s) to the appropriate property lines—sufficient to determine that all required setbacks, including those from easements and the identified floodplain, have been met. *Setbacks / distances from the proposed improvement(s) to any septic field or tank area within 50 feet must be identified / shown on the plot plan provided to the Department of Planning and Zoning as a part of this process, to illustrate conformance with Chapter 152 of the Zoning Ordinance.
